

Welcome to the abc shop. Please come in and have a look,
maybe you find something you like.

Thank you for downloading our first little catalogue, we hope you enjoyed it. Thank you so much!
if you have questions or want to order something: abc@chaospirits.com

We'd like to welcome you to our **little FAQ:**

What is the abc?

Welcome to the abc-shop of Alpha_Ki, Blackdragon and Pajama, a creative team of long-time friends who founded this shop to present their collections of t-shirts, buttons and much more. Please feel free to look around.

How do I order a t-shirt?

Well, this is simple. Every shirt has a main title and a keyword next to it. together they make the order form.

For example: gepard (main title)- sand/pazifikblau (keyword) - girly shirt L (shape and size) - one

Orders are also taken directly at a convention at the abc booth or via e-mail to abc@chaospirits.com. And don't forget your shipping address.

Some things like shirts have to be ordered, so the delivery will take time. We do our best to communicate in all directions as best and fast as we can.

What are the shipping costs?

1 - 2 shirts: Germany: 3,- € | Europe 4,- € | World 6,- €

3 - 5 shirts: Germany: 6,- € | Europe 8,- € | World 12,- €

6 and up: Please contact the abc for shipping information

Why can I only order t-shirts?

This is simple: Three ladies, three different hometowns and each of us takes care of another part of the shop. We only see each other during the conventions in germany. The buttons and the small stuff will be available at these cons.

Do you do individual commissions?

Depends on our time. We do offer commissions for custom made buttons for example - also at Eurofurence. For the shirts, we can only offer tribal design commission at the moment. Feel free to ask for our prices.

Do the artists have any galleries or homepages?

Yes, we do. You can find us all at furaffinity or deviantart.

alphaki.deviantart.com – www.furaffinity.net/user/alphaki/

blackdragon.deviantart.com – www.furaffinity.net/user/blackdragon-sama/

pajama.deviantart.com – www.furaffinity.net/user/pajama/

Can I use the designs?

No, unfortunately not. All the designs you can find here are intellectual property of the designers and artists of the members of abc.

How do I take the best care of my new shirts?

Following designs need to be taken care of with following washing instructions: sunspot, wolftribal, foxpendant and foxdancer:

medium heat

We are planning to update our catalogue every year before Eurofurence, which is usually taking place end of August. Of course we are also also at Eurofurence' Dealers Den where you can assure yourself of the quality of our products.

Please come by and say hi at the big German conventions.

Other cons outside Germany are planned but not set yet.
